Dear Sir/ madam

The Department has developed two handbooks "Including Children with Special Needs: Primary Stage" and "Including Children with Special Needs: Upper Primary Stage" as a part of the Ministry of Human Resource Project on curriculum Adaptation. These are being extensively used in the States to prepare Master trainers under SSA for Inclusive Education.

It is my pleasure to inform that on huge demand from the States, these books have been now translated in Hindi. These are available on NCERT Website under this Department. The handbook on primary stage is already printed and available with NCERT Publication Department for a small sum of Rs. 145/- only.

I would request you to disseminate this information to more and more stakeholders so that the needs of children with special needs in an inclusive classroom are addressed in an appropriate manner

With best regards
