Generally, the Council deposes two members of team those who are working as core faculties on regular basis for inspection purpose. However, we also encourage qualified Sr. rehabilitation professionals with Bachelor or Master Degree qualification in the respective specialization with min. 05 years of experience as a private practitioner or working in NGOs like special school/service centre/rehab centre.

Over and above, The Council reserves the right to depute Board Members and the members of various expert committees of RCI for inspection along with other co experts.

Generally, the Council does not nominate any of the members of the team within the same state in order to avoid any kind of biasness or difference of opinion of experts. Experts from the National Institutes from the same state are occasionally requested to verify the facts in case of any complaints received against any approved institutes.
